**PETITION TO ACCEPT AN OATH OR DECLARATION UNDER RULE 1.47(a)**

Dear Sir:

This petition to accept an oath or declaration under Rule 1.47(a) is filed in response to the Office of PCT Legal Administration's Attorney Advisor's DECISION ON PETITION, which was mailed on July 20, 2006. The DECISION ON PETITION afforded the applicant two months to respond, and indicated that extensions of time under 37 CFR 1.136(a) were available. A prematurely issued NOTIFICATION OF ABANDONMENT was improperly mailed on November 7, 2006. Applicants respectfully request that the NOTIFICATION OF ABANDONMENT be withdrawn.

The two month period for responding to the DECISION ON PETITION expired on September 20, 2006. Applicants respectfully request and petition that the response date be extended for two months, up to and including November 20, 2006.

In addition to this petition under Rule 1.47(a), enclosed is an amendment requesting correction of inventorship under Rule 1.48(b).

Enclosed is a check for \$780 to cover the \$200 fee for a Rule 1.47(a) petition, the \$450 fee for a two month extension of time, and the \$130 fee for an amendment to correct inventorship under Rule 1.48(b). If there are any further fees resulting from this communication not covered by the enclosed check, please charge the same to Deposit Account No. 16-0820, Order No. 38131.1 11/24/2006 GFREY1 00000073 10531437

REMARKS

Applicants request and petition under Rule 1.47(a) to accept the enclosed Declaration and Power of Attorney document executed by eight of the nine joint inventors, Kazuaki Takamori, Noriyoshi Sato, Kazunori Sato, Takeshi Sato, Satoshi Kosugi, Kenichi Nishikawa, Teruo Nanmoku, and Hidehiro Yanagibashi, on behalf of themselves and on behalf of the unavailable inventor, Muneoki Kamata.

The attached DECLARATION OF HIROKI SATO (hereinafter, "the Sato Declaration") and documents "A"- "D", "E1", "E2" and "F"- "I" circled provide proof of pertinent facts that, after diligent effort, inventor Muneoki Kamata could not be found or reached.

The last known address of inventor Muneoki Kamata is Maison YK-103, 533, Daimuracho, Midori-ku, Yokohama-shi, Kanagawa 226-0014, Japan. See the Sato Declaration at paragraph 1. No other address is known at which inventor Muneoki Kamata may be reached.

Hiroki Sato mailed two packages to inventor Muneoki Kamata at his last known address via Japan Post. The first package was mailed on October 10, 2006 and contained a copy of the above-referenced patent application and a Declaration and Power of Attorney Document. A copy of the front of the October 10 mailing is attached at document "C" circled and an English translation is provided at document "H" circled. See the Sato Declaration at paragraphs 2-3.

The second package was mailed the following day, on October 11, 2006, and contained a letter to inventor Muneoki Kamata requesting that he execute the Declaration and Power of Attorney Document that was sent in a separate mailing. A copy of the front and back of the October 11 mailing are attached at documents "A" and "B" circled, respectively, and English translations are provided at document "H" circled. A copy of the letter that was sent on October 11 and its English translation are provided at documents "D" and "I" circled, respectively. See the Sato Declaration at paragraphs 4-7.

As can be seen in the translation of the October 11 letter, inventor Muneoki Kamata has retired from Panasonic Mobile Communications Co., Ltd, which is owned by the assignee of the above-identified application (i.e., Matsushita Electric Industrial Co., Ltd.) The last known address of inventor Muneoki Kamata is the contact address that he provided with respect to his retirement.

On October 13, 2006, both the October 10 and October 11 mailings were returned to Hiroki Sato by Japan Post as undeliverable, because the mailing address was unknown. See the Sato Declaration at paragraphs 8 and 10. As can be seen in document "H" circled, the front of the mailings were marked to indicate that the address does not exist. Further evidence that the October 10 and 11 mailings were returned as undeliverable is provided at documents "E1" and "E2" circled, which show package tracking information via a website operated by Japan Post. Document "E1" circled provides tracking information for the October 10 mailing and document "E2" circled provides tracking information for the October 11 mailing. See the Sato Declaration at paragraphs 9 and 11.

After the October 10 and 11 mailings were returned as undeliverable, Hiroki Sato conducted a Google search on October 25, 2006, using inventor Muneoki Kamata's name, in an effort to locate Kamata's whereabouts. The Google search did not yield any further information about inventor Muneoki Kamata's whereabouts. Copies of the Google search results are attached at documents "F" and "G" circled.

As can be seen from the discussion above, inventor Muneoki Kamata cannot be found or reached after diligent effort. Accordingly, applicants request and petition under Rule 1.47(a) to accept the enclosed Declaration and Power of Attorney document executed by eight of the nine joint inventors, Kazuaki Takamori, Noriyoshi Sato, Kazunori Sato, Takeshi Sato, Satoshi Kosugi, Kenichi Nishikawa, Teruo Nanmoku, and Hidehiro Yanagibashi, on behalf of themselves and on behalf of the unavailable inventor, Muneoki Kamata.

Respectfully submitted,
